ABOUT US

Orange County Coastkeeper is a community-rooted, science-based nonprofit dedicated to protecting swimmable, drinkable, fishable, sustainable water for all. Since 1999, Coastkeeper has worked across inland and coastal communities to restore ecosystems, hold polluters accountable, and empower people to defend the waters they depend on.

Every fall, Coastkeeper brings supporters together for Toast the Coast, its signature fundraising gala celebrating clean water and healthy coastlines. This event raises critical unrestricted funds, allowing Coastkeeper to respond swiftly to emerging threats, advocate effectively, and defend our region's waterways when they need it most.

Sponsoring Toast the Coast means investing in proven, local solutions that keep our waters clean and our communities thriving. It is an investment in the health and accessibility of the rivers, bays, and beaches we all rely on.
